

**Summary of Modifications to SMART in Version 9.6**  
**February 09 Release – Release Date 3/9/09**

These two tables summarize the major changes for users in SMART Version 9.6.

**There are several changes in the new version to provide greater functionality to the user, summarized below.**

<b>Module Affected</b>	<b>Description</b>
<b>Continuing Care</b>	<ol style="list-style-type: none"><li>1. The Treatment Agency on the profile will change from a drop-down menu to a user-entered text field.</li><li>2. Notes field will appear on the Medications Grid.</li><li>3. Users may now enter “0” for number of AA/NA Support Groups per Week on the Substance Abuse/Mental Health Services Screen.</li><li>4. The values for Education on the plan have been changed to eliminate grades 1-12.</li></ol>

**There are several changes which make fields mandatory which were formerly optional, as detailed below.**

<b>Module Affected</b>	<b>Description</b>
<b>Treatment Encounters</b>	The Outcome Code field (attended, excused, FTA or no meeting) will now be a mandatory (yellow) field.
<b>Client Profile</b>	Veteran status is now required for state reporting (light yellow).
<b>Intake Screen</b>	Two fields, “Injection Drug User” and “Presenting Problems” are now required for state reporting (light yellow).
